Experience

Creative Project Coordinator
Moseable Studio

2025 - Present

Responsible for managing client communication, project timelines, task allocation, revisions, and the final delivery of creative assets across multiple projects. Designed social media creatives, banners, presentations, website visuals, landing page materials and other assets aligned with brand consistency and business goals, while also editing short-form videos and promotional content for digital platforms. Ensured smooth collaboration, efficient work allocation, clear priorities, and consistent quality throughout all project phases.

Service Desk Specialist
NCR Atleos

2025 - Present

Responsible for coordinating multiple high priority requests, managing communication across field teams and support channels, and ensuring timely resolution within strict deadlines. Maintained process visibility, prioritized urgent tasks, documented resolutions, and supported smooth workflow execution in a fast paced, high responsibility environment.

Client Operations & Process Associate
Addiko Bank

2024 - 2025

Responsible for maintaining loan and deposit account data, request tracking, and documentation for both individual and business clients, ensuring accuracy and smooth coordination across internal teams. Supported daily workflows through organized follow up and timely request processing.

IT teacher
KiberOne programming school

2023 - 2025

Projects

- **Moseable Studio - Brand Guidelines & Visual Standards**

  Led the structuring and delivery of comprehensive brand guidelines, visual standards, and creative documentation to ensure consistency across studio outputs, client facing materials, and future content production workflows. Coordinated revisions, alignment of visual directions, and final presentation ready assets.

- **Client Content Production**

  Short-form Video Editing

  Produced fast-paced short-form videos and promotional edits designed to quickly communicate product value, capture attention, and adapt to platform-specific formats. Focused on pacing, clarity, and engaging visual storytelling.

  Newsletter Design

  Designed newsletter visuals and promotional email assets with a strong focus on layout clarity, visual hierarchy, and brand consistency, ensuring great digital communication.

  Online Banner Design

  Designed banner sets tailored to different campaigns, ensuring strong visual consistency and clear messaging.

  Social Media Posts

  Designed carousel posts that break down information into clear and visually engaging slides, with a strong focus on flow, readability, and consistent branding across the full sequence.

- **PaceUp - Mobile App Design System**

  Designed and structured the complete mobile app design system in Figma, including design tokens, variables, typography, reusable components, user flows, and visual guidelines. Ensured consistency, scalability, and efficient design workflows to support future product growth and seamless team adoption.

- **Chari AI - Contest-Winning Product Promo Video**

  Created a short-form promotional video for the Chari AI platform, showcasing its core functionalities through fast paced storytelling and product focused visual communication. The project received first place recognition in a promotional video competition.

- **Logo Design & Brand Identity**

  Designed logos and brand identities for Narrlit (mobile app) and CheckSafe.zone (web platform), focusing on clarity, simplicity, and strong visual recognition.
