Experience

Creative Project Coordinator — 2025 - Present
Moseable Studio

Responsible for managing client communication, project timelines, task allocation, revisions, and the final delivery of creative assets across multiple projects. Designed social media creatives, banners, presentations, website visuals, landing page materials and other assets aligned with brand consistency and business goals, while also editing short-form videos and promotional content for digital platforms. Ensured smooth collaboration, efficient work allocation, clear priorities, and consistent quality throughout all project phases.

Service Desk Specialist — 2025 - Present
NCR Atleos

Responsible for coordinating multiple high-priority requests, managing communication across field teams and support channels, and ensuring timely resolution within strict deadlines. Maintained process visibility, prioritized urgent tasks, documented resolutions, and supported smooth workflow execution in a fast-paced, high-responsibility environment.

Client Operations & Process Associate — 2024 - 2025
Addiko Bank

Responsible for maintaining loan and deposit account data, request tracking, and documentation for both individual and business clients, ensuring accuracy and smooth coordination across internal teams. Supported daily workflows through organized follow-up and timely request processing.

Projects

Moseable Studio - Brand Guidelines & Visual Standards

Led the structuring and delivery of comprehensive brand guidelines, visual standards, and creative documentation to ensure consistency across studio outputs, client-facing materials, and future content production workflows. Coordinated revisions, alignment of visual directions, and final presentation ready assets.

Client Content Production

Short-form Video Editing

Produced fast-paced short-form videos and promotional edits designed to quickly communicate product value, capture attention, and adapt to platform-specific formats. Focused on pacing, clarity, and engaging visual storytelling.

Newsletter Design

Designed newsletter visuals and promotional email assets with a strong focus on layout clarity, visual hierarchy, and brand consistency, ensuring great digital communication.

Online Banner Design

Designed banner sets tailored to monthly content needs, ensuring strong visual consistency and clear messaging,.

Social Media Posts

Designed carousel posts that break down information into clear and visually engaging slides, with a strong focus on flow, readability, and consistent branding across the full sequence.

PaceUp - Mobile App Design System

Designed and structured the complete mobile app design system in Figma, including design tokens, variables, typography, reusable components, user flows, and visual guidelines. Ensured consistency, scalability, and efficient design workflows to support future product growth and seamless team adoption.

Chari AI - Contest-Winning Product Promo Video

Created a short-form promotional video for the Chari AI platform, showcasing its core functionalities through fast paced storytelling and product focused visual communication. The project received first place recognition in a promotional video competition.
